To

The Principal / Director

Dear Sir/Madam,

Sub: invitation to participate in **inspinno-'19**— reg.

Sri Sai College of IT and Management, sponsored by Madhura Educational Society, Kadapa, has been offering MBA/MCA programmes affiliated to JNTUA. The institute is located on the Kadapa - Chennai High Way at Buddayapalli which is about 2 Kms away from Kadapa Town in Andhra Pradesh State. Ever since its inception the institute is striving to become a center of excellence in Management and IT education. Considering the changes that have come in the corporate work culture due to the ongoing globalization process, we at SSCITM strongly believe in developing the skill set of students to make them competent in the global market.

With this endeavor, **inspinno-'19** is conceptualized as a platform for all the technical and management students to network, share, compete and learn the art of socializing and enrich their skills. The event will bring practicing managers and IT professionals as judges and provide a constructive feedback to the budding professionals to learn from their mistakes. We assure you that, **inspinno-'19** will be an opportunity for your and our students to broaden their horizon and will be a refreshing break from the mundane academic work.

We request you to widely publicize the event among your students and nominate the teams to participate in the event. Looking forward to your favorable response...

With warm regards

On behalf of **Team inspinno-'19**

(Dr. V Noorzia Nasreen)

Convener
